

## Area and Perimeter Follow Me Cards- Page 1

<p>I have an area of <math>144\text{cm}^2</math> *****</p> <p>You are a rectangle with length 23cm and width 10cm</p>	<p>I have a perimeter of 39cm *****</p> <p>You are a rectangle with width 12cm and length 7cm</p>	<p>I have a perimeter of 37cm *****</p> <p>You are a triangle with base 10cm and perpendicular height 3.2cm</p>
<p>I have an area of <math>27\text{cm}^2</math> *****</p> <p>You are a square of side length 11cm</p>	<p>I have a perimeter of 58cm *****</p> <p>You are an equilateral triangle with side length 11 cm</p>	<p>I have an area of <math>65\text{cm}^2</math> *****</p> <p>You are a square with side length 12cm</p>
<p>I have an area of <math>230\text{cm}^2</math> *****</p> <p>You are a triangle with base 30cm and perpendicular height 10cm</p>	<p>I have an area of <math>16\text{cm}^2</math> *****</p> <p>You are a square with side length 7cm</p>	<p>I have an area of <math>56\text{cm}^2</math> *****</p> <p>You are a rectangle with width 2cm and length 3cm</p>
<p>I have an area of <math>4.5\text{cm}^2</math> *****</p> <p>You are a triangle with base 6cm and perpendicular height 9cm</p>	<p>I have an area of <math>110\text{cm}^2</math> *****</p> <p>You are an equilateral triangle with side length 25cm</p>	<p>I have a perimeter of 128cm *****</p> <p>You are an equilateral triangle with side length 13cm</p>

## Area and Perimeter Follow Me Cards- Page 2

<p>I have an area of <math>31.5\text{cm}^2</math> *****</p> <p>You are a rectangle with width 5.5cm and length 13cm</p>	<p>I have a perimeter of 36cm *****</p> <p>You are a square with side length 5cm</p>	<p>I have a perimeter of 32cm *****</p> <p>You are an equilateral triangle with side length 12cm</p>
<p>I have an area of <math>220\text{cm}^2</math> *****</p> <p>You are a triangle with base 15cm and perpendicular height 5cm</p>	<p>I have a perimeter of 46cm *****</p> <p>You are a rectangle with width 12cm and length 13cm</p>	<p>I have an area of <math>13.5\text{cm}^2</math> *****</p> <p>You are a rectangle with width 11cm and length 29cm</p>
<p>I have an area of <math>150\text{cm}^2</math> *****</p> <p>You are a square with side length 15cm</p>	<p>I have an area of <math>84\text{cm}^2</math> *****</p> <p>You are a rectangle with width 7cm and length 8cm</p>	<p>I have an area of <math>156\text{cm}^2</math> *****</p> <p>You are a triangle with base 3cm and perpendicular height 9cm</p>
<p>I have an area of <math>70\text{cm}^2</math> *****</p> <p>You are a rectangle with width 8cm and length 15cm</p>	<p>I have a perimeter of 60cm *****</p> <p>You are a rectangle with width 24cm and length 40cm</p>	<p>I have an area of <math>25\text{cm}^2</math> *****</p> <p>You are a rectangle with width 3cm and length 1.5cm</p>

## Area and Perimeter Follow Me Cards- Page 3

I have an area of  
 $300\text{cm}^2$

\*\*\*\*\*

You are a  
rectangle with  
width 7cm and  
length 6cm

I have a perimeter  
of 80cm

\*\*\*\*\*

You are a triangle  
with base 13cm  
and perpendicular  
height 10cm

I have a perimeter  
of 68cm

\*\*\*\*\*

You are a  
rectangle with  
width 10cm and  
length 11cm

I have a perimeter  
of 33cm

\*\*\*\*\*

You are a  
rectangle with  
width 10cm and  
length 7cm

I have an area of  
 $6\text{cm}^2$

\*\*\*\*\*

You are a triangle  
with base 21cm  
and perpendicular  
height 3cm

I have a perimeter  
of 44cm

\*\*\*\*\*

You are a triangle  
with base 20cm  
and perpendicular  
height 30cm

I have an area of  
 $49\text{cm}^2$

\*\*\*\*\*

You are a  
rectangle with  
width 10cm and  
length 6cm

I have an area of  
 $37.5\text{cm}^2$

\*\*\*\*\*

You are a square  
with side length  
13cm

I have a perimeter  
of 52cm

\*\*\*\*\*

You are a  
rectangle with  
width 14cm and  
length 15cm

I have an area of  
 $50\text{cm}^2$

\*\*\*\*\*

You are a  
rectangle with  
width 10cm and  
length 22cm

I have a perimeter  
of 75cm

\*\*\*\*\*

You are a triangle  
with base 10cm  
and perpendicular  
height 10cm

I have a perimeter  
of 26cm

\*\*\*\*\*

You are a  
rectangle with  
width 13cm and  
length 21cm
